Infused Herbal Kava Kava Root Tea

Punchy fruitiness. Sweet cinnamon. Refreshing cranberry. Those are not words that you usually associate with Kava Kava root. Yet, this is exactly the taste you get with our tea.

A tart, sweet and zesty flavor replace the earthy taste commonly associated with Kava root. No longer do you have to tolerate Kava's taste. Now, you can enjoy it, too!

In fact, Kava never tasted so good.

The World's Tastiest Stress-Relief Tea

The CBD and Kava root complement each other beautifully in a delicious, health-promoting herbal blend. Your stress and anxiety will sizzle away as the Kava numbs your tongue and massages your insides, while the cerebral CBD works to relieve your pain and brighten your mood. So you can confidently go about your day in perfect balance and harmony. Without stress. Without worry

Enhanced Bio-Availability

Our proprietary blend includes coconut milk. Its high lipid content promotes increased CBD absorption and uptake, ensuring you get the most from Cannabidiol's health-enhancing effects. The coconut base is sustainably sourced and ideal for increasing the oral bioavailability of cannabinoids. Just like our herbs and teas, our coconut base comes from small, organic farms.

A Sip of Sunshine

When you indulge in Mystic Kava Root, you can expect more than just rich, exquisite taste. The CBD and Kava work in unison to alleviate a number of common ailments. Here's how:

Cannabidiol:

- > Promotes pain relief and inflammation reduction
- > Combats anxiety & depression
- > Relieves nausea and insomnia

Kava Kava Root:

- > Promotes stress relief
- > Combats anxiety & depression
- > Promotes sleep, muscle relaxation and feelings of well-being
