Sip Coffee. Pet Cats. HAVE FUN.

## Don't Make Friends - Adopt Them!

The kitty sanctuary is a cat playroom filled with adoptable cats ready to be loved.

Sarah's Cat Emporium has teamed up with SPANA to fill our playroom with adorable adoptable cats.

We are Morocco's first café of its kind, bringing cats and people together in a fun-filled environment fit  
for both.

Our café is great place to gather with friends, family, or a fun date, providing people a chance to  
interact with lovable cats.

So, whether you are interested in relaxing in our intimate lounge, adopting a cat for yourself, or just  
want some kitty cuddles, drop by and say hello!

You may leave with more than just good memories.

Help Us Make a Difference

## The Humans Behind Sarah's Cat Emporium

Hi, I'm Sarah!

When I moved to the beautiful city of Marrakech over 10  
years ago, I quickly noticed its huge stray cat population.

That's when I decided to open a boutique café with a  
twist - one that serves happiness *as well as* delicious  
coffee.

We are a husband & wife team who combine our work  
with our passion. In partnering with animal shelters across  
Marrakech, we are helping to provide homes to the many  
cats who would otherwise be homeless.

We believe if you can do something that can help people  
and animals, then you should!

We are excited to bring this idea to Marrakech. We  
wanted to bring something fresh and different to the  
people here, something that could help the homeless cat  
population and make a difference.

## Adopt a cat, and your coffee's on us!

All our Kitties are adoptable. If you find a new furry friend that you would like to take home, get in touch  
with a Barista and they will show you the next steps to take.

So, if you've always wanted a feline friend (or five), then drop on by. We would love to meet you!
