

## Programs

### **Record Yourself**

Here's your chance to record like the pros. We'll show you how to turn your song into a finished CD track.

### **Discover Audio Production**

Computer musicians: this class is for you. We'll show you how to use Ableton Live. Gain hands on experience with recording and signal flow, beat making, and using Midi.

### **Become a Musician**

Want to become a musician? We'll show you how. Lessons cover everything from singing to guitar.

### **Write Your First Song**

Hey songwriters! This course is for you. We'll show you how to structure songs, channel your emotions into lyrics, and find inspiration.

### **Join The Jammin'**

Play music with people your age in a fun, relaxed environment. Musicians of all levels are welcomed.

### **Attend A Workshop**

Ready to learn something new? Join us every week for exciting workshops, ranging from the History of Blues to how to make an instrument.

Great futures start here.

Notes for Notes partners with the Boys & Girls Clubs. We build studios in their facilities nationwide. Currently, we have 10 studios in San Francisco, Santa Barbara, Ventura, Los Angeles, Nashville, Brooklyn, Atlanta, and will be in Detroit and Houston soon.
