# WHY MONTCLAIR STATE?

## **ELEVATED THINKING. ELEVATED PROGRAMS.**

Explore 60+ undergraduate and graduate STEM-designated programs focused on in-demand fields.

### **Combined computer science degrees**

Combine a degree in computer science with cybersecurity and data science. You'll graduate with valuable skills in several rapidly growing fields.

### **STEM-designated MBA**

Our STEM-designated MBA program allows students to qualify for the STEM-designated OPT extension. This means international students can work in the US for up to three years.

### **One-year graduate business programs**

Our STEM-designated MBA and graduate business analytics program both have options where you can complete your degree within one year.

### **Start your career with Montclair**

We offer paid project experience with micro-internships, networking with our corporate partnerships and our Soar-to-Success mentorship program to help prepare you for your career in the corporate world.
