

FOR IMMEDIATE RELEASE

Can Trueline Health close care gaps for seniors?

Trueline Health, a local startup now welcoming patients, has launched a Grand Rapids clinic dedicated to proactive prevention and the combating of chronic disease through lifestyle interventions and whole-person care—offering a bold alternative to conventional care.

GRAND RAPIDS, MI, March 12, 2026 — Trueline Health today announced the grand opening of its state-of-the-art care facility at 2040 Raybrook Street SE, Suite 200, next to senior living organization Holland Home, and is now accepting patients. The clinic aims to revolutionize local health care through advanced medical technology, lifestyle-based care, and concierge-level service, funded by insurance payments.

“We’re setting a new standard for senior care in Grand Rapids—where traditional medicine meets proactive, root-cause approach, personalized and comprehensive care. By harnessing cutting-edge clinical technologies, we deliver a care model that is tailored to every individual,” said Founder and Chief Administrator, Nancy Tuohy. “Our approach helps seniors thrive, strengthens provider relationships, and makes aging a more active and positive experience. We’re not just treating illness—we’re changing what health care can do for our communities.”

Patients with Medicare and Medicare Advantage plans receive attentive service, longer visits, and direct access to their multidisciplinary care team. Trueline Health’s root-cause approach to combating chronic conditions empowers patients to take actions to improve their own health.

Trueline Health invites you to take charge of your well-being. Secure your free clinic tour or enroll in our complimentary health seminars now. The next session, focused on the root-cause approach to weight loss, is on Wednesday, May 27th. Act quickly—spots are limited, so reserve your place today!
