

#ProudofBucks

Burnham Resilience was launched on 15th March 2020, 8 days before lock down started, with an appeal to support the welfare of the Burnham community in response to the Covid-19 pandemic. Burnham Resilience was set up by Chairman Adam Prince, with Paula Prince, Annie Arscott, Revd Janet Minkinen, Andrew and Wendy Strathdee, Dawn Harries, Helen Cavill and Charly Cottenham as members of the leadership team. Together this team has contacts across many of the local community groups, including; St Peter's Church, Burnham Health Promotion Trust, Burnham Neighbourhood Watch, Burnham Community Association, Burnham Parish Council, and the Street Association.

Within the first week of launching, over 100 wonderful residents in Burnham signed up on the website to become volunteers. This number didn't stop growing, with **over 350 volunteers** now donating their valuable time to help our cause. Since then, our dedicated area coordinators, Urvashi Thacker, Heather Springthorpe, Carol Linton, Alix Shepherd and Sophie Holloway have helped support the Burnham Resilience group to coordinate volunteers to support all the residents of Burnham. Many of these volunteers have self-organised into street level groups, connecting with their neighbours in a way that we hope will be one of the good outcomes from the Covid lockdown.

With over **13,000 homes in Burnham**, we have many residents who require different levels of support, from a phone call to break this feeling of loneliness in isolation to more practical help such as prescription collection, letter posting or essential shopping for those unable to leave their home. Together, Burnham Resilience has achieved a great deal to support these requirements. In addition to delivering information by post, providing direct support to those who need it, Burnham Resilience runs a friendly phone call scheme (managed by Paula Prince). This scheme aims to connect as many isolated members of the community as possible with one of our volunteers in Burnham, who can provide a friendly voice at the end of the phone to help combat loneliness. Across all the projects, Burnham Resilience has delivered over **8,000 acts of social kindness** to date and is growing strong.

Here are just some of the other projects undertaken by our dedicated team:

Our team has made up and delivered 200 activity packs to children stuck at home to keep them entertained:

We have baked and delivered cakes for teachers and staff working at schools in Burnham to show our support of their hard work:

Thanks from Burnham Grammar School:

Subject: Thank You!

Dear Paula and members of The Burnham Resilience Group,

On behalf of all staff at Burnham Grammar School I would like to say a huge thank you for the delicious cakes that were dropped off to the school on Friday. They were thoroughly enjoyed!

We would also like to thank Kevan for delivering the cakes.

We really appreciate such a kind gesture!

Best wishes and stay safe,

Megan

We also have long-lasting plans to support our community for years to come:

Burnham Resilience plans to build a Labyrinth, created by the residents in Burnham, to stand as a memory for years to come and to remind future generations of what Burnham and the rest of the World went through. To do this, we have asked each resident in Burnham to paint a stone to remember life during Covid. The stone may be painted with something that is a memory of someone who has passed away or struggled during Covid, or something happier such as the "NHS rainbows". Some residents who are great at art may be painting

miniature masterpieces but a stone painted a single colour will also be welcome if that is what people want to remember. Ideally the stones should be 10cm or bigger. The plan is that the labyrinth will be a multi faith area where people of all ages can go to sit, mourn and reflect at any time, as it will be open access. The labyrinth will also be a place for children to walk through and learn about how the residents of Burnham got through their journey together. The Burnham Labyrinth Project is supported by many faith groups including the churches, mosques, Sikh temples, and synagogue in or near Burnham. Find out more at: <https://burnhamparish.gov.uk/labyrinth-project>

These projects are just some examples of the incredible work that goes on behind the scenes of the Burnham Resilience, we are constantly coming up with new campaigns and adapting to help the community in any way we can. We are aware that absolutely none of this could be achieved without the generosity and determination of our dedicated volunteers, team and supporting community groups. With this unwavering support, we are filled with pride here in Burnham, with each and every person involved within the Burnham Resilience continuing to make a difference to the lives of residents in Burnham every single day.

This is what makes us **#proudofbucks**.

St Peter's Church
Burnham

We would like to build a Labyrinth, created by the residents of Burnham!

To do this, we want each resident in Burnham to paint a stone, ideally 10cm or bigger.

Burnham LABYRINTH Project

Each stone will have its own story to tell. Perhaps remembering when we drew rainbows for the NHS, clapped and cheered out of our windows, or said hi to neighbours for the first time.

This Labyrinth will be a place for all residents to remember their loved ones and give thanks to those who helped us through our journey.
