## ABOUT US

### THE TRADITION OF TURKISH LAMPS, TODAY

Turkish mosaic lamps – In each and every single one of our products lives tradition, exceptional skill, and craftsmanship that has been passed down from generation to generation. The light that emanates through every stained glass tells a story. There’s a spirit that lives within each ray of light – a spirit of civilisation, of the crossroads of cultures, and of time-honoured artisanal excellence.

When searching for the perfect Turkish lamp or light fitting to bring an enchanting ambience to your room, you’re also bringing a fable to your space. This is a fable that goes back to the Ottoman Empire and to the Byzantines before them. It’s a light that shines through history, reaching you now, allowing you to add a splash of mysterious and dynamic light to your home, reminiscent of something from a fairy tale.

### THE CULTURAL SPLENDOUR OF HANDMADE MOSAIC LAMPS

We’re proud to continue a tradition of décor excellence that has existed in what is Turkey today for centuries. Quality glassmaking is coupled with the detailed handiwork of skilled Turkish craftsmen – each of our Turkish lamps is crafted by hand. This promises an authenticity present in every lamp – a signature touch for home décor. Made in Istanbul, the crossroads of civilisation, the colours available for you to adorn your home represent this majestic city.

Sublime quality, combined with an ethereal ambience that our lamps offer to any space – whether it’s in your home or office – is a symbol of the mastery present in every Ottoman lamp.

### ILLUMINATING INTERIOR DECORATING

Both exquisitely decorative and functional, our Turkish mosaic lamps are able to transform any space, offering a variety of options for your interior decorating needs. These lamps are designed to create a mood and exude a relaxed energy, whether they’re on your study desk or bedside table. After all, these timeless styles are inspired by the width of the Ottoman Empire, and each lamp has drawn from the cultures of Turkey and the Mediterranean, Arab and North African charms, and the essence of the Balkans.

### FROM TURKEY TO THE UK – TIMELESS QUALITY IN EVERY MOSAIC LAMP

Continuing in the tradition of a cultural crossroads, we began by bringing these artistic pieces to Camden Town, in London, UK back in 2013. The Camden Market is a place with a rich history, where people from all walks of life share their personal creations and exhibit beautiful cultural crafts from all over the globe. This was a fitting place for us to share our enchanting creations from Turkey, offering visitors the opportunity to light up their homes with the magical touch of handcrafted mosaic lamps. Even with little capital investment, this little, student-owned shop was lit spectacularly, becoming a charming space of fascination on the streets of Camden Town.

Now, wherever you are in the UK, Europe, or anywhere else in the world, we’re giving you the chance to illuminate your home and transform any space into something spectacular. Our distinctive range in interior and exterior lighting strives to keep the flame of centuries-old art of mosaic lamps and stained-glass lighting burning bright.
