Espresso Specialist

R299.00 incl. VAT

While Vietnamese coffee is steeped in its own tradition, this region is also renowned for the sweet, spicy, and well-balanced 100% Arabica blends that it produces. Widely considered to be one of the best in Vietnam, this distinctive coffee promises a characteristic and signature option for espressos and espresso-based drinks. These whole beans are to be ground as you see fit – finely to be filled and tamped down for the espresso machine, or a more coarse ground if you prefer to try this blend in a French press or phin.

- 100% Arabica Beans
- Ideal for brewing in a phin and espresso machine, or even a French press or filter coffee maker
- **500g Bag of Beans**

☑ **IN STOCK**

Ready to despatch.

SKU: B.IS
