

About Chronicle.rip Digital Cemetery Software

Managing your own digital presence for your community's cemetery is now simpler than ever.

Simple Cemetery Management, Today

With Chronicle's digital cemetery management software, any cemetery can now manage its records and keep them accurate – no technical expertise or spreadsheets required.

Free for small cemeteries to use, Chronicle supports community-building – all it takes is 15 minutes.

Build. Manage. Share.

Create your own digital cemetery, reflecting its physical plots. Upload your existing records from old spreadsheets and never worry about losing age-old data ever again. Once you've built your cemetery on our easy-to-use, digital platform – free for up to 1,000 plots – you're ready to share the history and memory of your community with the world. Focus on what matters – people, their memory, and their legacy.

Community, Cemeteries, Chronicle

At Chronicle, we pride ourselves on providing a service to tell the life story of the community and those individuals that have made it what it is today.

The local cemetery is where our loved ones are laid to rest. Serving as a place of memory, history, and, ultimately, peace

Lasting Positivity through Engagement and Legacy
