Dear Mr. Jordan:

Under the Georgia Open Records Act § 50.18.70 et seq., I am requesting an opportunity to inspect or obtain copies of public records that show the fiscal reports of Cherokee County Administrative Services information regarding the payroll of public-school employees in Cherokee County.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$50. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of public school's funding. I am seeking this information for academic purposes; this information is not being sought for commercial purposes.

The Georgia Open Records Act requires a response time within three business days. If access to the records I am requesting will take longer than three days, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you for considering my request.

Sincerely,

Zoe Lumpkin
