

We demand an end to senseless gun violence. Joe Biden can help us get there.

{{FirstName or 'Friend'}},

What did young people do in the face of horrific mass shootings and elected officials who put the gun lobby before our lives? We launched a historic, grassroots movement to demand change. This fall, our movement needs to extend to the ballot box.

A Biden-Harris administration will:

- Ban assault weapons and high-capacity magazines;
- Close background check loopholes; and
- Keep firearms out of dangerous hands.

The GOP is completely beholden to the gun lobby and has proven time and time again that they value the National Rifle Association more than our futures.
