

TRADING THE MARKETS DOES YOUR NEW CAREER START HERE?

Dear

Do you want to be in the driving seat? Financial spread betting with Tradefair Spreads gives you access to the world's financial markets for a small initial deposit. Plus, being able to trade on these markets can be a fantastic education as well as a potentially profitable hobby.

- You could make profits even when the markets are down – you just need to bet in the right direction (you can, of course, lose if you're wrong)
- The spreads are only 1 point on the Rolling Daily FTSE and 1 point on the Rolling Daily DAX – that's great value
- The minimum margin requirement to trade on the Rolling Daily FTSE at £1 a point is just £30

Please note you can lose more than your initial deposit. Only invest money you can afford to lose. Make sure spread betting matches your investment objectives and you understand the risks involved.

We'll match your first deposit up to £75*

Start trading with Tradefair Spreads and we'll credit your account with £75 when you deposit the same amount, giving you a total of £150 to trade with. You need to make at least two trades to qualify for the £75 (not on shares).

What are you waiting for? Apply for your Tradefair Spreads account now and (if successful) [claim your £75 FREE CREDIT*](#). See our [full terms and conditions](#) or read below*.

We look forward to welcoming you to Tradefair Spreads.

If you'd traded the FTSE at £5 on a day when the markets dropped 100 points you would have made £500 if you'd been shrewd enough to sell it (although if you had bought it, you would have lost £500).
