### The Cabins at Catamount Offer Lakeside Mountain Living

**E**xperience life's simple pleasures from the deck of your very own Cabin at Lake Catamount, the most recent addition to the spectacular Catamount community. Imagine how tranquil life could be with a private lake, hidden in the high country, just outside your door for you to discover.

The Cabin residences will be built along the shore of Lake Catamount and surrounded by the pristine beauty of Pleasant Valley. Owners will enjoy endless views of the Lake and the surrounding mountainside.

The Cabins are 2,425 square feet with three bedrooms, plus a loft and two-car garage. There are also a limited number of homesteads available at the Lake starting at 35 acres.

The option for Club Membership is available to all Cabin owners. Membership provides access to the Tom Weiskopf-designed championship golf course, opening later this summer, and all Lake Club amenities. These ranch-styled homes are within walking distance of the Outfitters Center, Lake Clubhouse, restaurant, tennis courts, exercise facility and year-round, heated pool. Fly-fishing, sailing, mountain biking, snowshoeing and cross-country skiing will be right outside your front door.

Call 888-456-5590 for more information on Lake Catamount real estate opportunities.
