A DAY IN THE LIFE OF A YMCA CAMPER

2011 Program Schedule

A DAY AT CAMP A WORLD OF ADVENTURE

7:30 AM As the sun rises at camp and glows warmly over the evergreens, kids and teens are stirring in their cabins after a sound night's sleep. As they open their eyes and breathe in the crisp, clean air, it dawns on each of them — my friends are here, we have cool counselors and there's a jam-packed day of fun ahead of me. It's time to get up and at it!

• For first-time YMCA campers and for those who come back year after year, every day at camp is an adventure far outside the routine. With new learnings about the wonders of nature, confidence-building physical challenges, fast friendships and healthy, tasty meals, overnight camp is a splash into an unforgettable world.

• From the first step of the day to the final goodnights under starry skies, there's so much to see, learn and do. Each experience bonds campers to one another — and opens their eyes to their unique potential.

YMCA OVERNIGHT CAMPING BEING YOUR BEST, BUILDING COMMUNITY

Growing up is a series of discoveries about who you are and the gifts you have to share. There's no place quite like YMCA overnight camp to bring them to life! At Camp Orkila and Camp Colman, caring role models are committed to helping kids build confidence, character and community.

Overnight camp and youth development

Camp Orkila is located on the northwest tip of Orcas Island on 280 acres of private beach, preserved forest and open fields. Camp Colman is on Case Inlet in lower Puget Sound with more than 100 densely forested acres, shoreline and a protected saltwater lagoon.

Both camps combine fun outdoor experiences with age-appropriate activities based on the values of respect, responsibility, honesty, caring, faith and fun. The daily rhythm of camp has plenty of room for choice and creativity, so that campers can follow their interests and strive for their personal best. At the same time, kids grow and thrive as cabin groups and as a camp community. Counselors are experienced and enthusiastic about helping kids adapt to and enjoy the overnight experience.

Outdoor adventures and healthy living in nature

Overnight campers explore nature, learn new skills, make new friends and gain respect for the environment. Depending on the camp, activities include: beach walks, horseback riding, swimming, canoeing, kayaking, sailing, biking, archery, arts and crafts, skateboarding, marine biology, challenge courses, a climbing wall, the giant swing, a zipline and evening campfires. Activities are tailored by age and follow the challenge-by-choice philosophy of campers choosing their own level of comfort as they participate.

Skilled, dedicated and friendly staff

The YMCA chooses camp staff carefully from colleges and universities. They are screened and interviewed for leadership qualities, enthusiasm, diversity and strong character. With a staff-to-camper ratio of one to five or better, each camper gets personal attention.

YMCA CAMP COLMAN
