

Central Coast Sips

Featuring some of the Central Coast's finest winery, brewery, and distillery destinations that this region has to offer.

BY SERENA LOPEZ

DAOU

Soaring at 2,200 feet, DAOU's tasting room features stunning panoramic views of the estate's vineyards and the endless hills of Paso Robles. There isn't a bad view in existence atop DAOU Mountain, where you'll witness the unrefined beauty that goes into the bottle right on your table.

Looking for the perfect place to birth a spectacular cabernet, the Daou brothers, Georges and Daniel, found perfection on DAOU Mountain in the Adelaida District of Paso Robles. With over 200 acres, the brothers bring the very best out of the land to create brilliant bottles, each filled with transcendent tastes and unique notes.

At DAOU, you experience not only the beauty in their bottles, but exceptional hospitality from the moment you walk in. With a knowledgeable and friendly staff, you will learn the story of each wine and you will leave feeling like family.

Membership includes priority access to limited release wines, invitations to exclusive events, access to the private Membership Lounge and much more.

The Daou brothers are currently refining their second location, DAOU Beach, on the Cambria Coast. Opening date is tentative. 2777 Hidden Mountain Road, Paso Robles, CA.

RE:FIND DISTILLERY

Birthing from the desire of sustainability, Alex and Monica Villicana founded Re:Find Distillery to find a use for the run-off juice that is gathered during the process of saignée. Knowing they had a great resource in their hands that should not go to waste, the Villicanas repurposed the juice to make unfiltered spirits that express the incredible quality of their ingredients.

Re:Find believes starting with a high-quality base material will produce a high-quality end product so there is no need to

filter anything out. All their spirits are unfiltered and served at room temperature to showcase their exquisite flavors and personalities.

From the lemons in their Limoncello to the hops that makes their whiskey, Re:Find takes pride in sourcing their pristine ingredients locally and supporting the wineries, breweries and farms in the area.

Re:Find has nothing to hide. Focusing on the quality instead of the quantity, Re:Find is able to create smooth and sustainable spirits with one of a kind flavors and ingredients that can be traced right back to the soil of Paso Robles. 2725 Adelaida Road, Paso Robles, CA.

BARRELHOUSE BREWING CO.

BarrelHouse Brewing Co. is all about enjoying great beer with great people and their laid-back Paso Robles location makes it possible to do just that. Located in the heart of Tin City, BarrelHouse welcomes anyone with a palette and a thirst for a good time. The brewery features about fourteen craft beers on tap ranging from blonde ales to stouts to sours. Enjoy a flight at the bar next to the towering brewing equipment or bask in the sun while playing a round of cornhole with friends.

Established in 2013 by Jason Carvalho and Kevin Nickell, along with Chris Vaughn, the brewery has grown from

producing a thousand barrels annually to over ten thousand barrels.

With three locations on the Central Coast and wide California distribution, BarrelHouse is the largest family owned and operated craft brewery in San Luis Obispo County. Each BarrelHouse taproom on the Central Coast has its own tap list with exclusive beers unavailable anywhere else. You won't find any awards on these beers though, but that is because BarrelHouse takes pride in creating beer for its consumers, not judges.

There is always something to do at BarrelHouse in Paso Robles with live music, food trucks, movie nights and their very own cornhole tournament that takes place every Wednesday night from June to August. Grab a flight and some friends at BarrelHouse Brewing Co. where a great time is always on the agenda. 3055 Limestone Way, Paso Robles, CA.
