## Press Release

### *Exceptional Community Hospital - Maricopa Celebrates the Birth of First Baby Born at Center*

Maricopa, Arizona - April 17, 2023;

Exceptional Community Hospital is proud to announce the birth of the first baby at the facility. The baby girl was born at 2:42 am on Monday, April 17th, to a local Maricopa couple. Both mother and baby are healthy and doing well.

The birth of this baby marks a significant milestone for Exceptional Community Hospital, which recently celebrated its twenty thousandth patient earlier this year. The hospital opened in December of 2021 and has been committed to providing exceptional care and services to the community. The successful delivery of this baby is a testament to that commitment.

"We are thrilled to welcome our first baby to Exceptional Community Hospital," said Saeed Mahboubi, CEO of Exceptional Healthcare. "This is a momentous occasion for our hospital and the community we serve. We are honored to be part of this special moment for the family and look forward to continuing to provide exceptional care for many more families."

Dr. Lionel Lee, Medical Director of Exceptional Community Hospital in Maricopa, said the staff was incredibly proud to be part of this beautiful event but stressed that the hospital's policy is to transfer labor and delivery patients but that this baby was determined to be born at Exceptional.

Exceptional Community Hospital features state-of-the-art facilities, modern technology, and a highly skilled team of dedicated medical professionals. The hospital offers a wide range of medical services, including emergency care, CT Scans, and X-rays, to diagnose, care and treat a wide range of acute conditions, including injuries.

Our commitment to exceptional care is evident in everything we do, from our patient-centered approach to advanced medical technology.

The birth of the first baby at Exceptional Community Hospital is a significant event for the hospital and the community it serves. It underscores the hospital's commitment to providing top-quality care and services to patients of all ages. Exceptional Community Hospital looks forward to continuing to serve Maricopa and the surrounding communities and providing outstanding care for many years to come.

Exceptional Healthcare operates 13 free-standing Emergency Rooms and Urgent Care centers in Texas and Exceptional Community Hospitals in Amarillo, TX, Maricopa, and Yuma, AZ. Three additional hospitals will open later this year in Lubbock, TX, Ardmore, OK, and Bullhead City, AZ. Founded in 2014, Exceptional Healthcare is the premier provider of Emergency and Hospital Outpatient Services.
