

THIS IS PHIL.

You'll be seeing more of him as part of PrimeWest Health's ongoing commitment to keeping protected information...you know...protected.

Name: Phil, from the Primewestian for *Protected Health Information Liaison*

Occupation: PrimeWest Health's PHI VIP

Hobbies: Sending secure emails, locking computers, being nocturnal, giving information on a need-to-know basis

Before he gets too far in his training, someone should tell Phil "team shredding" isn't an Olympic event. It is, however, an efficient way to dispose of PHI.

PHIL'S PHILOSOPHY: BE SMART

Make sure PHI is

- S** Secure
- M** Matched correctly
- A** Appropriate for the audience
- R** Relevant
- T** Transmitted the right way

**DID YOU LEAVE PHI
HERE? MAKE IT
DISAPPEAR!**

Phil spends most of March looking for the pot of gold at the end of the rainbow. He can't find it, though, because his access has been appropriately restricted.

Phil

wears shades while sitting in the shade on hot summer days. He also shades out PHI on any documents transmitted to people who don't need to see it.

Phil built a snowman named Frosty so he would have someone to talk to on long winter nights. He doesn't tell him any PHI, though, in case Frosty comes to life one day and is a total gossip.
