

1

Family-owned Business

In 1987, John and Martha Peterson opened Precision Auto Body & Painting. When the shop first opened, John was in charge of all repairs and Martha all the paperwork. Over the years, Precision Auto and Body has grown to be one of the most trusted businesses in the Santa Barbara area. Precision Auto Body is still family-owned and operated. Because of our dedication to running an ethical and family-based business, when you choose Precision, you become a part of the family.

2

Experienced, Educated Technicians

Though Precision Auto and Body only started with John and Martha, there are now over 30 employees and 3 repair centers. Precision Auto only hires the best employees who have the highest standard of repair practices. Our technicians are not only factory-trained but continue to take courses with manufacturers to keep up-to-date with the latest repair procedures. Precision specializes in numerous types of vehicles like Audi, Porsche, Jaguar, and Range Rover. When you come to Precision, you can trust

3

Manufacturer Certified Repairs

There's a reason Precision Auto Body is trusted and respected in the community. Our shop is the only repair facility in Santa Barbara County to be certified by Tesla and Mercedes-Benz USA. Precision is also proudly recognized by BMW of North America. All employees are I-CAR Platinum certified, a recognition reserved for individual technicians of the highest degree. By the end of your repair, your vehicle will look just as good or better than it did before. It will also be 100% compliant with manufacturer safety standards.

4

Full-service Collision Repair

Whether you've had a minor fender bender or a major collision, Precision Auto Body knows how to restore your car. Our team of experts can repair your vehicle's frame, structure, and cosmetic damage with honest service and pricing. Whatever kind of repairs your vehicle requires, Precision Auto Body can give you the service you need.

5

Expert Color Matching

Precision Auto Body also specializes in expert painting jobs. We mix paint for each vehicle that comes into the shop and seamlessly color-match to your vehicle's original finish. Whether it's a scratch or a full paint job, each paint is carefully prepared for your individual needs.

6

Lifetime Warranty

At Precision Auto Body, honest service and customer satisfaction is the number one priority. That's why for as long as you own or lease your vehicle, all work done by Precision Auto Body is under a lifetime warranty. This limited warranty covers all work performed including paint materials, labor, and parts installed. If you're not 100% satisfied with the work that's been done, we'll do whatever it takes to make it right.

7

Free and Quick Estimates

There's no need to worry about extra, unnecessary fees at Precision Auto Body. Estimates are provided for free, even without an appointment. If you need to come in, estimates are available from Monday to Friday from 8 am to 5 pm. In just about 15 minutes, you'll have a quick and accurate estimate. Plus, if you're happy with your quote, another estimate isn't required. Once your vehicle is brought in, photos will be taken, contact and insurance information will be processed, and a printed estimate will be provided. It's that easy.

8

Perfect Part Matching

While Precision prefers to always use Original Equipment Manufacturer (O.E.M.) parts, sometimes insurance policies or budgets won't permit customers to use parts made by the vehicle's manufacturer. In these cases, we're more than ready to incorporate used or aftermarket parts. Whichever part is used, Precision Auto and Body ensures the part is a perfect fit for your vehicle.

9

Free Shuttle Services

Getting in an accident can be stressful, but Precision Auto Body wants you to be taken care of. Precision offers a free shuttle service and free pickup and delivery of your vehicle. If you're stranded with an undrivable car, give us a call. Our trained and experienced staff are ready to guide you through the entire process from start to finish. Whether it's working with you to provide shuttle service or getting a rental car, Precision's team of over 30 employees can help. We'll also coordinate a tow straight to the shop, and we're great at negotiating rates with local rental car providers to get you the best deal on your temporary ride.

10

Hassle-free Insurance Rates

At Precision Auto Body, working with your insurance company will be a cinch. We understand the complex situation of working with your insurance company after an accident. Once you've filed the claim, our expert estimators will handle all communication for you. Several major insurance providers already prefer Precision Auto Body repair shop over other shops. But if your insurance provider doesn't refer you to Precision Auto Body, by California Law, you can still choose Precision for your services.
