HOTEL RENOVATIONS COMPLETED AT THE LODGE AT WISP
Wednesday, January 09, 2019

Wednesday, January 09, 2019 (Deep Creek Lake, MD) – Maryland’s Wisp Resort has completed renovations on The Lodge at Wisp Resort. The 169 room slope side hotel began the major renovation overhaul in the Fall of 2015 and was finished up in late Fall of 2018. The Lodge at Wisp will welcomes guests with significant changes and improvements to both the interior and exterior of the property.

Wisp Resort’s General Manager, Jerry Geisler stated, “Our team has done an exceptional job creating the hotel’s new look over the last several years. We are happy to introduce new amenities such as the outdoor firepits, fitness center, and new lounge area that will elevate our guest’s experience while staying slopeside at the resort during any season. Looking forward to hosting many new families and groups in the coming weeks.”

The upgrades are designed to give hotel guests a heightened resort experience with more contemporary accommodations, new outdoor gathering spaces, and an overall more modern, comfortable and functional design. The exterior changes include a new entrance featuring a Porte Cocherè that creates a grand sense of arrival to the resort by welcoming guests with an outdoor gas fireplace, a timber-frame structure with stacked stone façade and thoughtful lighting. The new entrance surroundings are enhanced with landscaping highlighted by a dramatic waterfall, benches and a pergola walkway. The hotel exterior received a fresh coat of paint in a new color palate of earth tones to match the Porte Cocherè. The North Courtyard was opened in Winter 2016 complete with a gas fire pit centerpiece surrounded with Adirondack chairs with mountain and sunset vistas.

Interior renovations include a redesigned and updated front desk and check-in area to compliment the new entrance. All 169 guest rooms of the hotel have been renovated with freshly painted walls, new wall coverings, artwork featuring local photography, modern bedroom and living area furnishings, plush bed linens, new mattresses as well as upgraded lighting and fixtures. Sixteen new Business Class King Suites have been introduced into the guest room mix in the Tower Section. The hallways of the Lodge section received new carpeting, light fixtures and fresh paint. A new Fitness Center, opened in Spring 2017, features an abundance of natural light, inspiring mountain views and is easily accessible to all guest rooms. The lobby is the star of the show, boasting beautiful new décor, furniture, an indoor fireplace, carpeting, and stone work. There are plenty of areas to sit down and watch television or relax with your friends, family, and colleagues.

The Lodge at Wisp meeting rooms were outfitted with new audio visual equipment including built in monitors ranging from 48” to 85” and supporting sound systems along with new wall coverings and draperies. Groups gather in over 40,000 sq ft of function space for meetings, conferences, retreats, reunions and weddings.

Seasonal lodging packages that include many of Wisp Resort’s recreational offerings are available by calling 844.259.0267 or visit the website at www.wispresort.com.

ABOUT WISP RESORT

Wisp Resort is a four-season mountain resort by the shores of Deep Creek Lake in Western Maryland. Wisp offers skiing, snowboarding, cross-country skiing, snowshoeing, two golf courses, canopy tours, activities on Deep Creek Lake, lift-served mountain biking, escape games and a variety of other mountain recreation activities. The ski resort has 14 lifts and 34 trails on 172 acres, more than 90% of which are lit for night skiing. The newly renovated Lodge at Wisp offers 169 rooms along with meeting and conference space for weddings, corporate retreats, family reunions, conventions and general group business.
