

**BAS INSURANCE
BROKERS**

First of all, Introduction...

Most afrobeat heads
would get this pun
in a heartbeat.

Okay, hello we are Bas, short for BAS INSURANCE BROKERS.

If our name isn't a dead-giveaway about what we do, then let's start by saying; we provide **"wahala-free"** insurance products and bundles tailored for your everyday needs. We do this with one aim - "To see you relaxed".

We are not here to bore you (you have other newsletters for that).

All we want to do is, educate and keep you updated on everything Insurance

So till my next mail, please add us to your mailing list (if we somehow ended up in your spam)
