# BRIGHTEN YOUR SKIN FOR SPRING

## How to Incorporate Vitamin C into Your Skincare Routine

One of the best ways to incorporate Vitamin C into your routine is with a serum. Since Vitamin C fights the effects of ultraviolet light and free radicals, it is best to apply it in the morning. For optimal results, apply a few droplets of serum after thoroughly cleansing your skin and using any toners. A hydrating moisturizer, followed by your eye cream, sunscreen and makeup should then be applied. After just 4-6 weeks of usage, you can expect to see a dramatic difference in skin tone and radiance.
