

LET'S GET FIZZ-ICAL

Not just an aperitivo, you can mix Disaronno into any summertime sipping occasion, from al fresco afternoons to the perfect brunch.

THINK YOU KNOW Disaronno? Think again. The legacy of this timeless Italian icon, which combines tradition, elegant taste and contemporary style dates back to Italy's Renaissance in 1525.

The talented artist Bernardino Luini was commissioned to paint a brilliant fresco and chose a local innkeeper for his muse. As a token of her gratitude she gave him a fragrant amber liqueur. The ancient recipe was rediscovered and protected for generations, evolving into the world's favourite Italian liqueur and international cocktail brand that it is today.

While Disaronno stays true to its roots, it is constantly innovating and growing. Its distinct, smooth taste stands on its own, but it's also a perfect addition to any cocktail and occasion. Occasions, remember those? You know, brunch with your bestie, a backyard barbecue, bevies on the balcony? Disaronno has the mixability and versatility for all your return-to-normal-ish needs.

It's totally fine if you didn't become a pro bartender in lockdown, mix things up in no time with the effervescent Disaronno Fizz.

This bright and bubbly drink is the perfect cocktail for summertime sipping that won't leave you in a post-brunch fog.

It's light, refreshing and low ABV so you can whip it up before aperitif hours. This summer is all
